The goal of this program is to promote high levels of bilingualism/biliteracy in two languages.
- b. Structured English Immersion (SEI): Instruction is entirely in English, incorporating a strong and purposeful English Language Development program and Specially Designed Academic Instruction English (SDAIE) strategies.

2. Middle School Programs

- a. Two-Way Bilingual/Dual Immersion: This program is for both English learners and English only students. Students interact as language models for each other. The two goals for all students are that 1) they learn English, meeting grade-appropriate academic achievement standards for grade promotion and graduation; and 2) they become bi-literate and multicultural scholars.
- b. Structured English Immersion (SEI) and Newcomers Program: Students continue to learn more difficult listening, speaking, reading and writing skills in English through English Language Arts and English Language Development (ELD) Instruction. Students received instruction and primary language support, if reasonably possible and as needed, in math, science, and history/social science from specially trained teachers using SDAIE strategies.

3. High School Programs

- a. Heritage Language: Vietnamese for Vietnamese Speakers and Spanish for Spanish Speakers: These programs are designed to meet the unique instructional needs of heritage language speakers of Spanish and Vietnamese. The programs also build upon the cultural literacy of the students.
- b. Structured English Immersion (SEI) Program: Students continue to learn more difficult listening, speaking, reading and writing skills in English through English Language Arts and English Language Development (ELD) Instruction. Students received instruction and primary language support, if reasonably possible and as needed, in math, science, and history/social science from specially trained teachers using SDAIE strategies.
