REGISTRATION FORM. (E.G. ELEMENTARY DUAL IMMERSION: 2A)

WEDNESDAY, FEBRUARY 13, 2013 7:30 A.M. - 2 P.M. (RETURNING AT VARIOUS TIMES) PRE-REGISTRATION IS REQUIRED

1. FAMILY LITERACY (K-12) Parent Resource Center

Family Literacy Programs are intergenerational literacy programs that involve parents and their children. The program's focus is on literacy strategies parents and other adults can use at home to develop and maintain oral language and literacy skills. Parents also participate in trainings designed to develop and augment parenting skills.

The Migrant Education Program is housed at the Parent Resource Center. The program provides supplemental services designed to support high quality and comprehensive educational program for migrant children to help reduce the educational disruption and other problems that result from repeated moves.

2. ELEMENTARY PROGRAMS

- a. **Two-Way Bilingual/Dual Immersion:** These programs have a strong, comprehensive instructional design that includes English Language Development, primary language instruction and SDAIE (Specially Designed Academic Instruction in English/other non-English language). There are two language groups represented in the Two-Way classroom: English learners and English proficient students who serve as language models for each other during the instructional day. The goal of this program is to promote high levels of bilingualism/biliteracy in two languages.
- b. **Structured English Immersion (SEI):** Instruction is entirely in English, incorporating a strong and purposeful English Language Development program and sheltered English strategies. Primary language support may be provided through text books and appropriate strategies including Preview/Review methods.
 - **Structured English (SE) and Transitional Structured English (TSE):** Students continue to learn more difficult listening, speaking, reading and writing skills in English through English Language Arts and English Language Development (ELD) Instruction. Students received instruction and primary language support, if reasonably possible and as needed, in math, science, and history/social science from specially trained teachers using SDAIE strategies.

3. MIDDLE SCHOOL PROGRAMS

- a. **Two-Way Bilingual/Dual Immersion:** This program is for both English learners and English only students. Students interact as language models for each other. The goal for all students is that they learn English and meet grade-appropriate academic achievement standards for grade promotion and graduation; and become bi-literate and multicultural scholars.
- b. **Structured English (SE) and Transitional Structured English (TSE):** Students continue to learn more difficult listening, speaking, reading and writing skills in English through English Language Arts and English Language Development (ELD) Instruction. Students received instruction and primary language support, if reasonably possible and as needed, in math, science, and history/social science from specially trained teachers using SDAIE strategies. Some 6th grade students are participating in pilot self-contained classrooms, designed for either normatively developing English learners or long-term English learners.

4. HIGH SCHOOL PROGRAMS

- a. **Heritage Language:** Khmer for Khmer Speakers and Spanish for Spanish Speakers: These programs are designed to meet the unique instructional needs of heritage language speakers of Spanish and Khmer who typically have high oral/aural proficiency, combined with under-developed or nonexistent literacy. The programs also build upon the cultural literacy of the students.
- b. **English Language Development (ELD) and specially Designed Academic Instruction in English (SDAIE)** Students continue to learn more difficult listening, speaking, reading and writing skills in English through English Language Arts and English Language Development (ELD) Instruction. Students receive instruction and primary language support, if reasonably possible and as needed, in math, science, and history/social science from specially trained teachers using SDAIE strategies.
 - **Long-Term English Learner Language Arts:** A pilot program for long-term English learners which provides additional time and instructional strategies to amplify the delivery of the core content for long-term English learners. Extensive supports, including the Long-Term English Learner Academic Language Applications guide, for this course have been developed and focus the instruction to meet the unique linguistic needs of long-term English learners.
