School Site Visits

★ WEDNESDAY, MARCH 29, 2017 7:30 a.m. - 2:00 p.m. (RETURNING AT VARIOUS TIMES) ★

The following programs will be available for School Site Visits. Please make your selection and enter your choice on the conference registration form. (E.g. #1 Elementary Programs)

#1 ELEMENTARY PROGRAMS

Two-Way Bilingual/Dual Immersion Programs: Dual language immersion integrates native English speaking and English language learning students in the same classroom and provides academic instruction through two languages, one of which is the primary language of each group (e.g. Vietnamese and English). The students learn a second language while they are learning content. The goal of this program is to promote high levels of bilingualism/biliteracy in two languages.

CABE 2017 offers visits to three high quality dual languages programs in diverse languages: (Please select a program to visit - e.g. #1a)

- a. Spanish and English
- b. Vietnamese and English
- c. Mandarin and English

#2 MIDDLE SCHOOL PROGRAMS

Two-Way Bilingual/Dual Immersion: This secondary/middle school program is for both English Learners (Spanish) and English Only students at the middle school level. Students interact as language models for each other in different content areas. The goal for all students is that they learn English and meet grade-appropriate academic achievement standards for grade promotion and graduation; and become bi-literate and multicultural scholars. This visit provides examples and models of how to grow a dual language program to the secondary level.

#3 HIGH SCHOOL PROGRAMS

a. English Language Development (ELD) and Specially Designed Academic Instruction in English (SDAIE) This program will model how students at the secondary level continue to learn more difficult listening, speaking, reading and writing skills in English through English Language Arts and English Language Development (ELD) instruction. At the high school level students receive instruction and primary language support, if reasonably possible and as needed, in key content areas such as math, science, and history/social science from specially trained teachers using SDAIE strategies and integrated ELD.

b. Two-Way Bilingual/Dual Immersion: This high school program is for both English Learners and English Only high school students who have begun to develop biliteracy skills in earlier grades. At the secondary level models vary by content area and amount of coursework offered in the partner language. Students interact as language models for each other. The goal for all students is that they learn English as well as the partner language and meet grade-appropriate academic achievement standards for graduation in order to become bi-literate and multicultural scholars and earn the Seal of Biliteracy.

c. World Languages in the 21st Century: This program model will showcase foreign language instruction in the 21st Century and how it actively engages high school students in language learning through a variety of strategies and best practices to support language acquisition and cultural competencies. The most effective classrooms incorporate meaningful and purposeful activities that provide students with opportunities to use world languages in active communication as well as address the integration of culture into the curriculum and desired student outcomes.
