SCHOOL SITE VISITS

WEDNESDAY, MARCH 26, 2025 • 7:30 am – 2:00 pm (Returning at various times)

The following programs will be available during school site visits. Shuttle service will be provided.

1 ELEMENTARY SCHOOL PROGRAMS

Two-Way Bilingual/Dual Immersion Programs:

Dual language immersion integrates native English-speaking and English-language-learning students in the same classroom and provides academic instruction through two languages, one of which is the primary language of each group (e.g., Spanish and English). The students learn a second language while they are learning content. The goal of this program is to promote high levels of bilingualism/biliteracy in two languages.

CABE 2025 offers visits to three high-quality dual language programs in diverse languages.

- Spanish and English
- Korean and English
- Vietnamese and English

2 MIDDLE SCHOOL PROGRAM

Dual Immersion:

This middle school program is for both English learners (Spanish) and English-only students at the middle school level. Students interact as language models for each other in different content areas. The goal for all students is that they learn English and meet grade-appropriate academic achievement standards for grade promotion and graduation and become biliterate and multicultural scholars. The visit provides examples and models of how to grow a true dual language program to the secondary level.

3 HIGH SCHOOL PROGRAMS

a. Dual Language Program: This high school program is for both English learners (Spanish) and English-only students. Students interact as language models for each other in different content areas. The goal for all students is that they learn English, meet grade-appropriate academic achievement standards for grade promotion and graduation, and become biliterate and multicultural scholars. The visit provides examples and models of how to grow a true dual language program to the secondary level.

b. Long-Term English Learner/Newcomer Programs: The Newcomer program has helped to create urgency, move achievement, and progress monitor 200+ newcomer students enrolling at the district yearly. The LTEL program is increasing reclassification, progress monitoring, and a greater awareness of EL achievement. Leave with examples of progress monitoring tools, as well as other practical teaching strategies to increase Newcomer and LTEL achievement.

This two-day institute will provide a deep dive into California's English Language Arts/English Language Development Framework in order to create and expand systemic, intentional, and effective ELD instruction. Important components of Integrated and Designated ELD will be examined, including content, language, and sociocultural objectives, differentiated sentence frames, use of graphic organizers, and structured academic language development. Learn steps for planning and implementing high-quality lessons!

2 Effective Practices for Multilingual Learners in Early Childhood Settings
Presenters: CABE PLS Team

With over 60% of incoming preschool students in California classified as dual language learners, we must be prepared to serve and empower our students. This institute explores effective practices for developing bilingualism and biliteracy, high academic achievement, and sociocultural competence in early childhood classrooms. This training will include strategies for both Dual Language and Structured English Immersion settings, using CABE's framework for Biliteracy in Early Learning and Language Schooling (BELLS.)

3 Academia de Artes de Lenguaje en Español

Presenters: Silvia Dorta-Duque de Reyes, Benchmark Education/San Diego County Office of Education and Jorge Cuevas Antillón, San Diego County Office of Education

Vengan todos a aprender cómo funciona el español y cómo enseñarlo de manera eficaz y divertida. Nos enfocaremos en la integración coherente entre los dominios del lenguaje basada en los estándares. Repasaremos estrategias para las destrezas fundamentales y de gramática. Demostraremos estrategias para la enseñanza translingüística entre el español y el inglés. Se afirmará la pedagogía crítica, el multiculturalismo y la concientización social como métodos esenciales para la enseñanza de estudiantes en el siglo XXI.
